BUILDING INSPECTIONS / REPORTS

Mechanical Reports	Electrical Reports	Commencement of Const.
Architectural Reports	Structural Reports	Framing Insp. Per Storey
Underground R.I. Plumbing	Aboveground R.I. Plumbing	Final Plumbing Inspection
Rough In HVAC Inspection	HVAC Reports	Final HVAC Inspection
Emergency Lighting Insp.	Emergency Lighting Verification Re	Final Inspection

The inspections/reports listed above are mandatory for this project.

Please contact your assigned inspector regarding these inspections. 24 hours notice is required. Ensure that construction is completed, and all deficiencies corrected for that stage of construction before requesting the inspection. A \$100 Re-Inspection Fee will apply where the construction is not substantially ready and/or deficiencies corrected.

Permit Number must be used when requesting inspections.

The Chief Building Official may revoke a permit if, after 6 months of issuance, the construction or demolition in respect of which it was issued has not, in the opinion of the Chief Building Official, been seriously commenced. This permit card must be placed in a conspicuous place visible on the job site.

Notice: Electrical installation and modifications require inspections. Please contact the Electrical Safety Authority at 1-877-372-7233

Tanya Gies, Chief Building Official
